

# Play with your Dragons!

## Rock Paper Scissors

To play, you and a friend each choose one card secretly, keeping it hidden so your friend can't see what you chose. Then count to 3 and both of you flip over your cards to see who wins.

Fire beats Leaf  
Leaf beats Water  
Water beats Fire

If you have the same color you tie.

## Dragon Battle

This game works best with 2 players. Before playing this game, players should write their names on their cards so they don't get them mixed up with the other player's cards. Take all of the cards, mix them up, and divide them into equal decks for each player.

Keep your decks face down and play one card from the top.

Check the card colors to find a winner

Red (fire) beats Green (plants)

Green (plants) beats Blue (water)

Blue (water) beats Red (fire)

If both players have the same color, look at the age of the creature. The oldest creature wins. Eggs are the youngest, then Kids, Adults, then Elders.

The winner takes both cards and adds them to their win pile.

If both players' creatures are the same age and the same card color then they will have a battle.

Each player puts 2 cards face down. Then each player plays one card face up. Again check the card colors and creature age to see who wins. The winner takes all the cards both players laid down in the war.

The game ends when the players run out of cards to play. The winner is the player with the most cards in their win pile.
